

Something for Everyone

- * Cross-country skiing is a high-energy, low-impact, lifetime sport enjoyed by all ages.
- * From social events to racing, TUNA offers a way for everyone to enjoy Nordic skiing.
- * TUNA provides affordable learning for skiers ages four and up through children's Learn-to-Ski, recreational skiing, junior competitive, adult learning, and adaptive skiing programs.
- * The Wasatch Citizens Series is the premiere race series in Utah, hosted at multiple venues within 45 minutes of Salt Lake.
- * TUNA provides the closest and least expensive cross-country skiing in the area; Mountain Dell features over 11 kilometers of pristine, groomed trails, and SR 65 offers even more groomed terrain.
- * The TUNA yurt in the Uinta Range offers backcountry ski-touring opportunities and a unique overnight experience in the forest for a minimal fee.
- * TUNA helps keep the 2002 Olympic Legacy alive. This year the club co-sponsored and helped host the 2017 FIS Junior World Ski Championships.
- * TUNA publishes a monthly newsletter that reaches over 2000 households.

TUNA'S FUTURE IS YOU!

Building a Future

Volunteers are the heart of the organization and TUNA members run everything: races, trail grooming, programs for juniors and masters, securing venues, yurt maintenance, and social events. Most programs are funded with fees, and TUNA makes a huge effort to keep those fees reasonable by keeping costs down and augmenting revenue with sponsorships and donations.

TUNA's current financial structure, while supporting the current programs, does not provide for the financial security, growth, and improvements the club would like to see. To ensure the long-term financial viability of TUNA and to support the mission of growing and supporting Nordic skiing, the club needs to generate significant outside funding. **TUNA's goal is to raise \$100,000 in 2017.** The club plans to use the funds to:

- * Explore an alternative venue for skiing at a higher elevation than Mountain Dell
- * Purchase a second van to transport junior skiers to practices and competitions
- * Support additional programs serving underprivileged youth and adaptive skiers
- * Invest in the best coaching available while keeping program costs down

The U.S. is now a major skiing nation, and TUNA aspires to reach the level of the best ski programs nationwide. TUNA is reaching out to individual and corporate donors to put Utah's most inclusive club on the national map as a premiere community ski program. **Please donate to TUNA's future, today.**

TUNA FUTURE FUND

The Utah Nordic Alliance (TUNA) is a ski club that promotes cross-country skiing for all in Salt Lake City and Utah.

TUNA is dedicated to providing facilities, opportunities, and support to all the Nordic skiers, clubs, and teams throughout Utah.
